## **JUNE MONTH DINNER TALK**

***“China in those days”***

***A unique & Entertaining Dinner Presentation***

by

**Mr Thomas Brandt**

Thomas Brandt, is the General Manager of the Malaysian-German Chamber of Commerce and Industry, and he has extensive experience in Asia, having previously worked at the Indonesian-German Chamber of Commerce in Jakarta. Thomas Brandt holds an economics degree from the University of Hamburg.

Thomas Brandt is an author of five books, three of them having achieved bestseller status: "Business in Indonesia - The Cultural Key to Success", "Asia in Those Days" and the recent "China in Those Days".

A truly outstanding masterpiece! Thomas Brandt successfully portrays China of the late 19th and early 20th century, an era one needs to embrace in order to understand today's China

The event will give you a unique insight into the forces that moved so many Chinese to emigrate and the lasting impact that this migration have had on the world in general and in particular on Asia over the last 5 centuries. This provides great insight both for Chinese to learn more about the shared ancestry as well as for anyone with interest in the forces that have shaped the world we live in today; not the least here in Malaysia.
